Huxley

## New Beginnings in Huxley!

The new location for all programs will be at Huxley Middle School in the Art and Home Economics Room. This location will give us a great opportunity to reach the students in a familiar and easily accessible location.

The new curriculum for Whiz Kidz is called "Tool Time." We've created this curriculum for students to learn about different tools for the Christian walk, like learning about the Holy Spirit, the Bible, community, prayer and worship.

Discovery will be going through the book of James with Francis Chan videos. It is an interactive series that relates to youth in their modern day lives.

## Introducing Abigale Ball

Hello, my name is Abigale Ball, and I am the Site Director at Huxley Freedom for Youth. I graduated from Iowa State University in December 2016 with a degree in Child and Family Services. I live in Ames, Iowa with my husband of 2 years, Ethan and my puppy named Finn. It is my dream to work in ministry and to live out God's calling to serve the youth in the area, as it has always been my passion to point them towards Christ!

### PRAYER REQUESTS

Please be praying for us as we seek direction and doors to open on a new location for our center in Huxley. We are so thankful that the middle school is allowing us to use their facilities in the meantime!
